I've made more mistakes than i can count upon my  
finger tips  
I have been ashamed and i have felt as guilty as all sin  
Counting every tear that drops cannot account for any  
loss  
I'll let the past remain behind me now  
Fill it up with goodness  
I'll drink it down with love

Never give up on me  
I will never give up on you  
You're everything i need  
Oh just look at what we've been through  
So far so good

I have wished on every star that shot across my broken  
heart  
I am still amazed that you came true  
I have kissed a hundred lips  
But none of them compare to this  
I have found myself inside of you  
You forgive my sad regrets  
And i forgive myself

Never give up on me  
I will never give up on you  
You're everything i need  
Oh just look at what we've been through

Never give up on me  
I will never give up on you  
You're everything i need  
Oh just look at what we've been through  
I love you
