sitting waiting but nothing's happening
i'm bored i'm hating this town
can anyone hear me
i'm scared and alone without

waiting for you with nothing left to do
i once was happy but now i'm lonely without you
i'm scared and alone without you..you

since you've been gone
i think everything sucks all the time
the shoes on my feet
and the girls that i meet
and i just want you
why don't you just come home and be with me

calling writing but not exciting
when all i'm doing is calling writing to no one
i'm scared and alone without

trying to make the best of everything
i'm sick of waiting for you to call me
i miss you
i'm scared and alone without you...you

since you've been gone
i think everything sucks all the time
the shoes on my feet
and the girls that i meet
and i just want you
why don't you just come home and be with me

why don't you just come home
