I'm sending you an invitation  
Come look inside my head  
Let's have a mental vacation  
We'll dream without a bed

I'm a daydreamer  
Come see what I see  
I'm a believer  
All that I need is the air that I'm breathing  
And you here with me  
There's nothing more than that  
So won't you dream with me

Let's have a great adventure  
We'll walk the streets of London town  
And in my imagination  
We'll be the only ones around

I'm a daydreamer  
Come see what I see  
I'm a believer  
All that I need is the air that I'm breathing  
And you here with me  
There's nothing more than that  
So won't you dream with me

Dream with me  
Dream with me  
Oh, won't you dream with me  
Dream with me  
Dream with me

Forget the worries in your head  
Come away with me instead  
Live a life you won't forget

I'm a daydreamer  
Come see what I see  
I'm a believer  
All that I need is the air that I'm breathing  
And you here with me

There's nothing more than that  
So won't you dream with me

Dream with me  
Dream with me  
Oh, won't you dream with me  
Dream with me  
Dream with me
