Here I am
Can you see my shadow
Can you see my smile

Don't you know anything can happen
If you just believe

All that you see right there in your dreams
You can make it real
All that you need if you close your eyes
Follow what you feel

I got hopes I got dreams
Everything is real to me
I'm right there where I want to be
I got hopes I got dreams
And when life is hitting me
I still got my fantasy

Come on and follow me follow me

Take my hand
We can walk together
Underneath the rain
Don't let go
Anything you wish for is closer than it seems

All that you see right there in your dreams
You can make it real
All that you need
If you close your eyes
And follow what you feel

I got hopes I got dreams
Everything is real to me
I'm right there where I want to be
I got hopes I got dreams
And when life is hitting me
I still got my fantasy

Some days I know

It's hard enough to find your way
But nothing is impossible
Don't worry you will have your day

I got hopes I got dreams
Everything is real to me
I'm right there where I want to be
I got hopes I got dreams
And when life is hitting me
I still got my fantasy

Come on and follow me follow me
