All of these pills  
Bringing me down  
Giving me chills  
In the California hills

All of these pills  
Bringing me up  
Letting me sleep  
In the sun  
Here we go  
Here we go

Here. Like a lost sound  
Bringing me up  
And knocking me back down

And I gave my best  
Now here is the rest  
Now I gave my best  
And I rest  
And I rest

Here. Like a lost sound  
Bringing me up  
And knocking me back down

And I gave my best  
Now here is the rest  
Now I gave my best  
And I rest  
And I rest  
And I rest  
And I rest  
And I rest  
And I rest
