Please explain a couple of things to me  
How could you leave and then turn your back on me?  
If only we said goodbye, maybe then I would respect  
my life  
In the end I am so ashamed of what you did  
(why) you said that you would never leave I didn't even  
see you go  
(why) you just up and turned your back on me for  
reasons I will never know  
(why) now I am starring at an empty space it's the place  
that you used to be  
(why) and the look you see upon my face is the gift  
from you to me  
A haunting pain that lingers over me  
This is not the way it's supposed to be if only we said  
goodbye maybe then I would respect my life  
In the end and I'm so ashamed of what you did  
(why) you said that you would never leave I didn't even  
see you go  
(why) you just up and turned your back on me for  
reasons I will never know  
(why) now I am starring at an empty space it's the place  
that you used to be  
(why) and the look you see upon my face is the gift  
from you to me  
You made me what I am you made me what I am  
You made me what I am you made me what I am  
(why) you said that you would never leave I didn't even  
see you go  
(why) you just up and turned your back on me for  
reasons I will never know  
(why) now I am starring at an empty space it's the place  
that you used to be  
(why) and the look you see upon my face  
Is the gift from you to me  
Is the gift from you to me
