im so tired i could sleep
im so hungry i could eat
im too drunk to stay on feet
but im too young to rest in peace

grab the lion by it's tail
fangs are pointed in your way
hired in, you're fired out
have no reason, have no doubt

im talking bout bluebirds
wingsized 10 / 9

behold the truth with someone else
who's writing dictionarys well
but who cannot read or even spell
directions to a wishing well

im talking bout bluebirds
wingsized 10 / 9
