I can't control you
What you say to me I don't know you
Remember to tell me why
(I know you're waiting)
Remember to tell me why
(It's been so frustrating for you)

It's yours for the taking
It's no threat to me in the making
Remember to tell me why
(We've gone a long way)
Remember to tell me why
(There's always more to say 'cause)

I won't be here forever
Don't wanna let you down
Nothing will stay together
Don't wanna let you down
I'm keeping score
I could be more
I could be the last thing you're looking for

Hey, did you know me
Was there anybody to show me
Remember the road you came
(I know you're waiting)
Remember the road you came
(It's been so frustrating for you)

I can't control it
When I get like this you will know it
Remember the road you came
(We've gone a long way)
Remember the road you came
(There's always more to say cause)

I won't be here forever
Don't wanna let you down
Nothing will stay together
Don't wanna let you down
I'm keeping score
I could be more

I could be the last thing you're looking for

I won't be here forever

Don't wanna let you down

Nothing will stay together

Don't wanna let you down

I'm keeping score

I could be more

I could be the last thing you're looking for

I know you're waiting

I won't be here forever

Don't wanna let you down

I'm keeping score

I could be more

I could be the last thing you're looking for
