I Won't Lie, because I want to try!  
But won't try because , don't wanna cry!  
But won't cry, just don't wanna fight!  
But I'll fight because I want it right!

I Won't Lie, because I want to try!  
But won't try because don't wanna cry!  
But won't cry, just don't wanna fight!  
But I'll fight because I want it right!

Try, lie, die, die, die, whatever...  
Try, lie, die, die, die, whatever...  
Try, lie, die, die, die, whatever...  
Try, lie, die, die, die, whatever...

When I tried to straighten up,  
You kicked it down when I was in love.  
You left me writing it down  
I was too scared, I was feeling alone.

When I tried to straighten it up,  
You kicked it down when I was in love.  
You left me writing it down  
I was too scared, I was feeling alone.

Strong wind, the weather's fine.  
I'll try to spend some happy time.  
Afternoon ...clouds approaching  
Strong wind...This is Disgusting!!!

Try, lie, die, die, die, whatever...  
Try, lie, die, die, die, whatever...  
Try, lie, die, die, die, whatever...  
Try, lie, die, die, die, whatever...

When I tried to straighten it up,  
You kicked it down when I was in love.  
You left me writing it down  
I was too scared, I was feeling alone.

I Won't Lie, because I want to try!

But won't try because I don't wanna cry!  
But won't cry, just don't wanna fight!  
But I'll fight because I want it right!

I Won't Lie, because I want to try!  
But won't try because ,don't wanna cry!  
But won't cry, just don't wanna fight!  
But I'll fight because I want it right!

Try, lie, die, die, die, whatever...  
Try, lie, die, die, die, whatever...  
Try, lie, die, die, die, whatever...  
Try, lie, die, die, die, whatever...

Try, lie, die, die, die, whatever...  
Try, lie, die, die, die, whatever...  
Try, lie, die, die, die, whatever...  
Try, lie, die, die, die, whatever...
