Incite the weak, prove tough, prove blunt
Bear gifts, that seize rewards, devout praise
Eradicate the will, deny resistance further
An undenying rhythm that's bad for it
I'll pass the bread I've beat you in the scrabble

Drug your love

Restrain those hands, graft them to themselves
Piss high, down speed, the wisdom of the letch
Identified by the scars about the cock, balls, and ass
Make them kiss the bottom rung
Make them sorry for you and you're
[Incomprehensible]

Drug your love

This is what it's grown into
It flowers, then it wraps around you
Eyes of Adam, teeth of Eve
It's natural in the progression
Spread your legs for your addiction
Spread your legs for your addiction

Be mystified
