Mind is a freeze, from me, from you, from shock  
There is no sanctuary, you want to do this right now  
Right now  
Right now  
Right now

Your blank look tells me, you're not too thrilled at all  
To stand here face-to-face with me  
You want to stab at me

Right now, not tomorrow  
'Cause there's a fine line between me and them  
Call it a rift

I can't just look you in the eye without just  
crying/laughing  
I speak with death-threat tone  
You and yours want to make a name  
Pack it up and move on

Right now, no tomorrow  
'Cause there's a fine line between me and them  
Call it a

I will decide

There's pressure, revolving, absorbing, unloading,  
depreciated  
Step on the foot of Excelcier, a net in the womb of the  
aftermath  
The problem ahead is that "fine line" that keeps us  
apart  
A fence there in the middle keeps us apart again
