She knows she knows now
She knows she knows now
She knows she knows now
Because your face says it all back on the wall
You walk in the door and see your face
Your feeling that something's out of place
She runs her fingers through her hair
She's not looking anywhere
And with a glance she knows the truth
She's discovered the real you
Take off the mask and now she's runnin' runnin'
Oh cause she knows she knows now
What you said
She knows she knows now
What you did
She knows she knows now
Because your face says it all back on the wall
She's not a girl you can replace
Searching the depths of outer space
You know you did it oh you know you did it
Now you've gone and lost it all for good
But something feeling that's inside of you and you've
got one more chance or I'm leaving she said
And if she's leaving then she's leaving alone cause if
she knows
Oh she knows she knows now
What you said
She knows she knows now
What you did
She knows she knows now
Cause your face says it all back on the wall
She knows she knows now
What you've done
She knows she knows now
Where you've gone
She knows she knows now
Cause your face says it all back on the wall
This love calls for a potion
But were lost in emotion
Define love by a quotient
Forever and ever

Oh oh all your devotion
So far deep as the ocean
But were lost in commotion
Because your face says it all back on the wall
She knows she knows now
What you said
She knows she knows now
What you did
She knows she knows now
Because your face says it all back on the wall
And she knows she knows now
What you've done
She knows she knows now
Where you've gone
She knows she knows now
Because your face says it all back on the wall
Your face says it all back on the wall
