There's a graceful dance above me  
From the sun reflecting in  
Off the cars that dance below  
Each with their own story within  
And the dance moves they remind me  
Of the times that I've walked in  
To a room and left with nothing  
Except the fear to walk back in

So I'll stay safe from my vantage  
On occasion I'll peer in  
You'll grow up out of the corner of my eyes  
Right next to him  
You'll need help you'll need attention  
You're a captivated whim  
But I'm a coward prone to quitting  
I just make sure never to begin

The gunpowder between my teeth  
Lets me know that  
I've come clean  
It should be easy saying goodbye  
Since you won't be  
Looking at, me

I can see you through a window  
But the cracks keep you a blur  
There's a victim in this story  
I wish to god that it was her  
Well I know I've your recognition  
It's of it's nature I'm not sure  
If I could ever push this question  
I'd shut my ears for the answer

So I'll stay safe from my vantage  
On occasion I'll peer in  
You'll grow up out of the corner of my eyes  
Right next to him  
You'll need help you'll need attention  
You're a captivated whim  
But I'm a coward prone to quitting

I just make sure never to begin

The gunpowder between my teeth  
Lets me know that  
I've come clean  
It should be easy saying goodbye  
Since you won't be  
Looking at, me

The gunpowder between my teeth  
Lets me know that  
I've come clean  
It should be easy saying goodbye  
Since you won't be  
Looking at, me (2X)
