TRANSLATION

My heart that loved you

my eyes that looked at you
ARE STILL HERE.

Oh baby say goodbye, for a short while goodbye
The talk about goodbye, I'll put it aside for a short while
When I open that door and take one step
your breath that's conveyed to the tip of my nose

In the cold wind the feeling of your warm hand stays
for a while
all your traces become tears and stay on my cheeks

After I go on for a trip for a short while and wipe of my
heart wrenching wound
after time passed by when I meet you I will tell you that
I missed you

Oh baby say goodbye, for a short while goodbye
The talk about goodbye, I'll put it aside for a short while
When I open that door and take one step
your breath that's conveyed to the tip of my nose

Today when the sun sets and the moon rises again, it's
still the same
oh why is my heart changing this fast
Your appearance that resembled the blue sky rains
when my body gets wet from this rain I'll hide my
running tears

Oh baby say goodbye, for a short while goodbye
The talk about goodbye, I'll put it aside for a short while
When I open that door and take one step
your breath that's conveyed to the tip of my nose

In the past when I did whatever I wanted and was
foolish
you who embraces all of that are really precious

Oh baby say goodbye, for a short while goodbye
The talk about goodbye, I'll put it aside for a short while
When I open that door and take one step
your breath that's conveyed to the tip of my nose

Oh baby say goodbye, for a short while goodbye
I'll go back to the place when I once was
When I open that door and take one step
so that I can stand in front of you who i missed

My heart that loved you
my eyes that looked at you
I'll WAIT...
