translation

* In this cold world, I lived without anything of special value
I couldn't help but cry when I walked the dark streets

* I've been waiting for you for a long time,
For someone who's just like me
I want to give my loneliness to you
My endless moment, I pray for you

* I can't imagine my life without you
I don't want us to separate, ever

* Even a little smile from you, brings me happiness
I'll make a promise to you; this isn't a dream
Many days will pass and I'll still be yours
My shining moment, forever

* There are times when my hasty feelings cause trouble
So let's remember the good memories

* I've been waiting for you for a long time,
For someone who's just like me
I want to give my loneliness to you
My endless moment, I pray for you

* I'll never desire anyone else but you
Many days will pass and I'll still be yours
My shining moment, forever

* Girl, my heart is so cold,
Please come back to me
My shining moment, forever
