[Hero]

I can't believe I'm standing here
Been waiting for so many years and
Today I found the Queen to rein my heart

[U-Know]

You changed my live so patiently
And turned it into something good and real
I feel just like I felt in all my dreams
There are questions hard to answer
Can't you see?

[Xiah]

Baby, tell me how can I tell you
That I love you more than life

[Max]

Show me how I can show you
That I'm blinded by your light

[Micky]

When you touch me I can touch you
To find out the dream is true
I love to be loved by you

[Leeteuk]

You're looking kind of scared right now
You're waiting for the wedding vows

[Heechul]

But I don't know if my tongue's able to talk

[Leeteuk & Heechul]

Your beauty is just blinding me
Like sunbeams on a summer stream and

[Han Geng]

I gotta close my eyes to protect me

[Heechul & Han Geng]

Can you take my hand and lead me

From here please

[Xiah]
Yeah, yeah

[Yesung & Han Geng]
Baby, tell me how can I tell you

[Yesung]
That I love you more than life

[Yesung & Kang-in]
Show me how can I show you

[Kang-in]
That I'm blinded by your light

[Shindong & Kang-in]
When you touch me I can touch you

[Shindong]
To find out the dream is true

[Sungmin]
I love to be loved, I need to be loved

[Euhnyuk]
I love to be loved by you

[Siwon]
I know they gonna say our love's not

[Shindong, Sungmin, Euhnyuk & Siwon]
Strong enough to last forever

[Ryeowook]
And I know they gonna say that we'll give

[Kibum & Kyuhyun]
Up because of heavy weather

[Donghae]
But how can they understand

[Ryeowook, Kibum & Kyuhyun]
That our love is just heaven sent

[Donghae, Ryeowook, Kibum & Kyuhyun]
We keep on going on and on

[All]

'Cause this is where we both belong

[Xiah]

Oh, baby, you

[All]

Tell me how can I tell you
That I love you more than life
Show me how can I show you
That I'm blinded by your light
When you touch me I can touch you
To find out the dream is true

[Xiah]

I always loved you more than life

[Hero]

Show me how, yeah, yeah, yeah

[Shindong]

Baby, when you touch me, don't you know?
I love to be loved

[Han Geng]

I need, yes, I need to be loved

[U-Know]

I love to be loved by you

[Hero]

Yes, I love to be loved by you
