(Rap) Love~ Oh baby my girl~
You're my everything, your beauty blinds me

My bride, my present from the heavens above
Are you happy? There's tears flowing from your eyes

Until the day your black hair turns grey
I promise to love you forever

I want to tell you every single day that "I love you"
Would you marry me?
I want to live loving you and cherishing you

I want to put you to sleep in my arms every night
Would you marry me?
Will you give my heart this permission?

*I'll stay next to you for the rest of my life (I do)
I love you (I do)

Through rain and snow I'll cherish you (I do)
I'll take care of you (My love)

(Rap) You in a white dress, me in a tuxedo
We walk step in step underneath the moon

I swear, I hate lies, I hate distrust
My princess, my love, stay with me

Even though we'll age, I want to live each day smiling
Would you marry me?
Will you be my everything?

**Through hardships and troubles (I do)
I'll always be there (I do)

All the many days we'll spend together (I do)
I'm going to be thankful each and every day (My Love)

I prepared this for you since long ago
Please take this shiny ring in my hand

I'll remember this promise we shared with the same
heart
Would you marry me?

*I'll stay next to you for the rest of my life (I do)
I love you (I do)

Through rain and snow I'll cherish you (I do)
I'll take care of you (My love)

**Through hardships and troubles (I do)
I'll always be there (I do)

All the many days we'll spend together (I do)

(Rap) All I have to give you is my love
That's all I've got to offer

I know I lack many things but not my love
I'll look out and take care of you

Will you promise me just one thing?
No matter what happens

We'll always love each other... That's all
Will you marry me?
I do
