Baby baby baby baby  
The closer I get to you  
The more you make me see  
The closer that I get to you  
Its gotta be only me  
What do I have to do to prove  
She doesn't really care for you  
You're the only one I really love  
The closer I get to you  
Started out the best of friends  
Nothing more and nothing less  
Suddenly someone took my place  
I searched high and I searched low  
Never to find another love  
Cause you're the only one in my heart  
I don't really see a reason  
Never need to see the season  
How you did these things to me  
Baby baby baby baby  
The closer I get to you  
The more you make me see  
The closer that I get to you  
Its gotta be only me  
What do I have to do to prove  
She doesn't really care for you  
You're the only one I really love  
The closer I get to you  
Boy you know you're too damn good  
She don't treat you like she should  
Never believed in what you do  
I've always been right there for you  
Whenever it is you need a friend  
I'll be right there til the end  
I don't really see a reason (no I don't)  
Never need to see the season (no I don't)  
How you did these things to me  
Baby baby baby baby baby  
The closer I get to you  
The more you make me see  
The closer that I get to you  
Its gotta be only me  
What do I have to do to prove

She doesn't really care for you  
You're the only one I really love  
The closer I get to you  
The closer I get to you  
It's gotta be only me  
The closer I get to you  
It's gotta be  
Got gotta be me  
The closer I get to you  
It's gotta be only me  
The closer I get to you  
It's gotta be  
Got gotta be me  
Baby baby baby baby  
The closer I get to y
