Hello, goodbye  
I wanted to see, but I guess I  
I don't have the strength to speak tonight  
It's tricky sometimes  
When you wanted to run, you'd always hide  
You can't find the truth behind the lies  
Another day and I'm on my feet, yeah  
But the street feels like it's sleeping  
I'm on a mission and it ain't too sweet  
You're the reason I'm afraid  
Said, you're the reason I'm afraid  
(chorus)  
But I want you to know  
It's killing me  
I think I gotta let go  
Cause it's killing me  
You're gonna do what you want  
But you better believe  
It's killing me  
Love never dies  
It's the reason that I won't compromise  
But sometimes you fall before you fly  
I've seen it coming for quite some time, man  
I don't know what you're thinking  
How can the two of us walk in stride  
If we don't see eye to eye  
You got me all messed up inside  
(repeat chorus)  
(bridge)  
Is it too late in the game  
There is no one left to blame  
I will always mention you  
To the one that I pray to  
(repeat chorus)  
Why can't you see that you're killing me
