I won't let you down, let you down again
I won't let you down, let you down again
I won't let you down

I know I've said it before, but this time I'm sure
You're everything I need
I'm gonna make you this promise,
that this time I'm gonna keep
I understand you've heard it all before
And you think that you know where it will lead
I'm gonna make you this promise, that this time
I'm gonna keep

I won't let you down, let you down again
I won't let you down, let you down again
I won't let you down

You've gotta look to the future, don't live in the past
Cos what I say is true
I'm gonna make you this promise,
a promise that's just for you
Forget about leaving, don't want you to go
Now we can start anew
I'm gonna make you this promise,
a promise that's just for you

I won't let you down, let you down again
I won't let you down, let you down again
I won't let you down, let you down again
I won't let you down, let you down again

Gonna make you this promise that I'm gonna keep
Gonna make you this promise that I'm gonna keep
Gonna make you this promise that I'm gonna keep
Gonna make you this promise that I'm gonna keep

I won't let you down, let you down again
I won't let you down, let you down again
I won't let you down, let you down again
