"As High As I Can"

Visit "[As High As I Can](#)" on MotoLyrics.com

A cigarette's been left in punishment
Pubs are packed and now it's much too late
I know I can't go through these fairly days

Burning fields all over make me see
Yesterday will be tomorrow's fears
I wish to be at home these fairly days

I always want to be high
As high as I can reach
Well too far as far as I can go
Yes I know I'll be right
As right as I can be

I wish to be at home these fairly days

I just want to be high
As high as I can reach
Well too far as far as I can go
Yes I know I'll be right
As right as I can be

I wish to be at home these fairly days
