"I Sing For You"

I've seen the truth and I've seen the light
I've seen the way that You've changed my life
I've felt Your grace moving on me like living water
I love the way You're patient with me
You're faithfulness
The way You forgive me you love me

And I love You Jesus
I sing for You Jesus
Yes I'm thankful for all You do
Now I sing for You

You blessed my life so abundantly
You've given me gifts I give them back to You
For You Jesus for Your glory and for Your honor
I love the way that You love me
I love the way that You hold me in Your arms,
You're my best friend

And I love You Jesus
I sing for You Jesus
Yes I'm thankful for all You do
Now I sing for You, I sing for You

Well I love You Jesus
I sing for You Jesus
Yes I'm thankful for all You do
Now I sing for You, I sing for You
