What good is it if a man claims faith  
And he has no actions to back it up  
All I know is that that faith is dead  
And it won't save him  
If he keeps talkin' and doesn't get to work  
That won't be me  
For I will

Rise, I'll rise above this world  
This world of lies  
I'll rise with the strength of the Lord and His Word  
I will overcome  
I'll Rise

I've seen a man  
With an untamed tongue  
He ignites the flame  
That burns him down  
With his tongue he praises the Lord  
And he curses man  
Which was created by the one that died for him  
This should not be  
So I will

Rise, I'll rise above this world  
This world of lies  
I'll rise with the strength of the Lord and His Word  
I will overcome  
I'll rise

What's the deal with people these days  
Thinking they've got all the time in the world  
But I tell you our lives will soon end  
They're nothing but a vapor of mist in the wind  
So brother and sisters come  
Come on

Let's Rise, rise above this world  
This world of lies  
Let's rise with the strength of the Lord and His Word  
We will overcome

Let's rise
