Ever since the beginning of time
There's been a song that will hypnotize
Our mind our body
Our spirit and soul
And if we dance along
It will take complete control
Come on over don't be shy
You know you want some of it
Don't deny
Now I know I'm not alone in this quest
In this quest for righteousness
'Cause temptation started singin' in the Garden of
Eden
Ad Eve started singin' singin'
Come on Adam take a bite
You know you want some of it
Don't deny it

There is a God
Whose song will get you and movin'
You'll dance eternity long
And your whole body b'groovin'
Stop singin' temptaion's song
And start singing the song of salvation
Let's sing hallelujah halle halle hallelujah

At first it's lookin' nice and sweet
My whole body starts feelin' that beat
Then I start to move my feet
I can't help but dance
Dance
Well come on over and dance with me
My name is
Temptation
So come be free
It don't look so good anymore
When my face hits the floor
Then I realize that I've been dancing on lies
Listen closely to what I say
This temptation song is leading us astray
