"You Are My Smile"

Visit "[You Are My Smile](#)" on MotoLyrics.com

You are my patience when mine's all out
You are my kindness when I have none
You're my forgiveness when I forgive
You're my selflessness since I'm selfish

You are my smile when there's not much to smile about
You are my love when I love
You are my strength when I make it through hard times
You are everything that's good in my life

You're my persistence when I push on
You're my resistance when I say no
You're my humility when I serve
You are the song that I sing
I need You
I'm worthless without You
'Cause everything good that I do
It comes from You alone
I can't live without You
You're the One that gives me life
