from the arizona heat  
and a raw side on the street  
through the smoke and all the beers  
I've been doin' it for years  
and I think it's understood  
I wouldn't stop it if I could  
yeah but each and everyday  
I hear motheruckers sayin'

am I ready  
(are you ready)  
yes I'm ready as you bet  
I'm gonna rock your ass steady  
are you ready  
(yes we're ready)  
then grab a drink and chug a lug  
have some sex and take some drugs

and you know the time is now  
that is why and this is how  
we can keep it all so real  
I know exactly how you feel  
you need a man to bust it out  
that's what I'm all about  
I got the tools for the task  
there is no need to ask

if I'm ready  
(are you ready)  
I said I'm ready  
yeah I'm eddie  
yeah I'll rock your ass steady  
are you ready  
(yes we're ready)  
then grab a drink and chug a lug  
have some sex and take some drugs, alright

someday someone will ask  
yeah this one's for the kids  
well if you look back on the days  
and they ain't got time to waste

with that mopey dopey shit  
so cut the crap and bring the hits  
and everywhere I go  
all the motherfuckers know  
that I'm ready

are you ready  
I said I'm Eddie Spaghetti  
here to rock your ass steady  
are you ready  
(yes we're ready)  
then grab a drink and chug a lug  
have some sex and take some drugs, alright

alright now, yeah

watch out here I come now (yeah, he's gonna rock your  
ass)  
I said now watch out here I come (yeah, he's gonna  
rock your ass)  
watch out here I come honey (yeah, he's gonna rock  
your ass)  
watch out here I come now, alright (yeah, he's gonna  
rock your ass)  
rock your ass  
rock your ass now  
rock your ass  
rock ass now
