Soul, what's wrong?  
Why are you troubled here within me?  
Deep inside my heart, my soul, what's wrong?  
So my God I do not see why you forgive me  
Do you need me am I wise am I strong?  
So why...  
Why do you even love me? Why do you even care?  
Why should you think of me?  
Oh my God, I'll never know it's  
Unconditional love, the grace flood  
Take my hand and lead me further up within here  
Deep inside your heart, within your soul  
On my knees as I crawl steady up the incline  
The glory of your face and I can't stand
