"So Great A Salvation"

Visit "[So Great A Salvation](#)" on MotoLyrics.com

Woke up this morning
Just had to thank God for my life
Just read through James' book
Start to pray and ask God for a wife
It's a time of devotion
As I sit and speak to my God unseen
Why does he listen?
Well I love him and he's in love with me
Why me God why should you choose me?
On your team God can you use even me?
I think a few years back
On a road that headed to nowhere
Now that you found me
I can see how you were always there
So great a salvation
But to you my Jesus what am I worth?
It's quiet times like this
I feel I get a glimpse of heaven here on Earth
Hold me in your arms of love
Sometimes I swear I feel your heartbeat
I could never ever thank you enough
Here's my life for whatever it's worth
