Well I'm bound to tell you a story that just happened to me

Bound to break down and bound not to break even

I was feeling lonely like a soledad brother

You came into my life and loved me like a mother

I'm bound, caught up

Aha, was bound to be

Don't you know that?

Our love was bound to be

You go from A to B

It's just like falling out of trees

It's as easy as 1 2 3

You shone a light in my life that could light up Park Lane

I was feeling nervous 'cause I'd missed my gravy train

Now there's no need to keep on running with the pack

'Cause I know pretty soon I'll come running back

I'm bound, caught up

Aha, was bound to be

Don't you know that?

Our love was bound to be

You go from 1 to 3

It's just like air on a G string

Easy as A B C

Too much of nothing and it just won't pay the rent

Can't take insurance out on General Accident

Now there's no need to keep on running, on running

'Cause I know pretty soon that in the end I'll come
running back

I'll come running back, running back, run, run, run

Come back, I'll come running back

Don't you know that?

Don't you know that?

Was bound to be, oh

Was bound to be

Don't you know, was bound to be, oh?

Come one now, come one now
