The sun is burning hot again on the hunter and the fisherman

And I'm trying to remember when, but it makes me dizzy

Seems like I've been here before, seems so familiar

Seems like I'm slipping into a dream within a dream

It's the way you whisper

The sun is setting cool again, I'm a thinker and a fisherman

And I'm trying to remember when, but it makes me dizzy

I'm sweating and breathing and staring and thinking

I'm sinking deeper and it's almost like I'm swimming

Seems like I've been here before, seems so familiar

Seems like I'm slipping into a dream within a dream

It's the way you whisper

Drag me under

Takes me home

Seems like I've been here before, seems so familiar

Seems like I'm slipping into a dream within a dream

It's the way you whisper

Drag me under

Takes me home
