If there's no way of knowing
Where's the answer
You should know if you need me by now
Tell me how?

You saw me in the first place
Who do you think I am?
How can you be so two faced
And tell me where I stand?

Yeah, we've been here once before
I see you by the door
You said you knew and all were calling
Yeah, you know you just can't lose
All you have to do is choose
Let me in on where your heart is

You ain't nothing but another man's woman
A living on another man's land
At night I hear a hound dog callin'
A callin' me a cheatin' man

I tell you somethin', I need good lovin'
But you don't understand
At night I see you cannonball comin'
To blow me to the promised land

If there's no way of showing
Where your love lies
Is it me, is it him or no one?
What will be done?

About the mess you made me
Oh, don't you give a damn
You're gonna drive me crazy
It's more than I can stand

'Round and 'round we always go
First it's yes and then it's no
Oh, whatever keeps me sane?
I'm so helpless, can't you see?
Did you cast a spell on me?

Say you love me please, I'm praying

You ain't nothing but another man's woman
A living on another man's land
At night I hear a hound dog callin'
A callin' me a cheatin' man

I tell you somethin', I need good lovin'
But you don't understand
At night I see you cannonball comin'
To blow me to the promised land
