

Supertramp "Casual Conversation"

Visit "[Casual Conversation](#)" on MotoLyrics.com

It doesn't matter what I say
You never listen anyway
Just don't know what you're looking for

Imagination's all I have
But even then you say, "It's bad"
Just can't see why we disagree

Casual conversations and how they bore me
And they go on and on endlessly
No matter what I say, you ignore me anyway
I might as well talk in my sleep, I could weep

You try to make me feel so small
Until there's nothing left at all
Why go on? Just hoping that we'll get along

There's no communication left between us
But is it me or you who's to blame?
There's nothing I can do, yes you're fading out of view
Don't know if I feel joy or pain and such a shame

And now it seems it's all been said
If you must leave then go ahead
Should feel sad but I really believe that I'm glad
I really believe that I'm glad, I really believe that I'm
glad
