It doesn't matter what I say  
You never listen anyway  
Just don't know what you're looking for  
Imagination's all I have  
But ever then you say it's bad  
Just can't see why we disagree  
Casual conversations how they bore me  
They go on and on endlessly  
But no matter what I say  
You ignore me anyway  
I might as well talk in my sleep (I could weep)  
You try to make me feel so small  
Until there's nothing left at all  
Why go on? Just hoping that we'll get along  
There's no communication left between us  
But is it me or you who's to blame?  
There's nothing I can do, yes you're fading out of view  
Don't know if I feel joy or pain  
And now it's all been said  
If you must leave then go ahead  
Should feel sad  
But I really believe that I'm glad  
Yes I really believe that I'm glad
