Even in the quietest moments  
I wish I knew what I had to do  
And even though the sun is shining  
Well, I feel the rain, here it comes again, dear

And even when you showed me  
My heart was out of tune  
For there's a shadow of doubt  
That's not letting me find you too soon

The music that you gave me  
The language of my soul  
Oh Lord, I wanna be with you  
Won't you let me come in from the cold?

Don't you let the sun fade away  
Don't you let the sun fade away  
Don't you let the sun be leaving  
Won't you come to me soon?

And even though the stars are listening  
And the ocean's deep, I just go to sleep  
And then I create the silent movie  
You become the star, is that what you are, dear?

Your whisper tells a secret  
Your laughter brings me joy  
And a wonder of feeling  
I'm nature's own little boy

But still the tears keep falling  
They're raining from the sky  
Well, there's a lot of me got to go  
Under before I get high

Don't you let the sun disappear  
Don't you let the sun disappear  
Don't you let the sun be leaving  
No, you can't be leaving my life  
Say that you won't be leaving my life  
Say that you won't be leaving my life

Say won't you please, say won't you please  
Say won't you please, say won't you please  
Lord, won't you come and get into my life?  
Lord, won't you come and get into my life?

Say won't you please, say won't you please  
Say won't you please, say won't you please  
Oh Lord, don't go

Come on, let the sun fade and go  
Come on, let the sun fade and go  
Come on, let the sun fade and go

Won't you come to me? [Incomprehensible]  
Even when the song is over  
Where have I been, was it just a dream?  
And though your door is always open  
Where do I begin, may I please come in, dear?
