Hide in your shell  
'Cause the world is out to bleed you for a ride  
What will you gain making your life a little longer?  
Heaven or Hell, was the journey cold  
That gave your eyes of steel, shelter behind  
Painting your mind and playing joker

Too frightening, to listen to the stranger  
Too beautiful, to put your pride in danger  
You're waiting for someone to understand you  
But you've got demons in your closet  
And you're screaming out to stop it  
Saying life's begun to cheat you  
Friends are out to beat you  
Grab on to what you can scramble for

Don't let the tears linger on inside now  
'Cause it's sure time you gained control  
If I can help you, if I can help you  
If I can help you, just let me know  
Well, let me show you the nearest signpost  
To get your heart back and on the road  
If I can help you, if I can help you  
If I can help you, just let me know

All through the night  
As you lie awake and hold yourself so tight  
What do you need  
A second hand movie star to tend you?  
I as a boy, I believe the saying  
The cure for pain was love  
How would it be if you could see  
The world through my eyes?

Too frightening, the fire's becoming colder  
Too beautiful, to think you're getting older  
You're looking for, someone to give an answer  
What you see is just an illusion  
You're surrounded by confusion  
Saying life's begun to cheat you  
Friends are out to beat you  
Grab on to what you can scramble for

Don't let the tears linger on inside now  
'Cause it's sure time you gained control  
If I can help you, if I can help you  
If I can help you, just let me know  
Well, let me show you the nearest signpost  
To get your heart back and on the road  
If I can help you, if I can help you  
If I can help you, just let me know

I wanna know, I wanna know  
I wanna know, oh, I gotta know  
I wanna know you, now I wanna know you  
Well let me know you, I wanna feel you  
Oh, I wanna touch you  
Please let me near you, let me near you  
Can you hear, what I'm saying?  
Well I'm hoping, I'm dreamin', I'm prayin'  
I know what you're thinkin', see what you're seein'  
Never ever let yourself go, hold yourself down  
Hold yourself down, why don't you hold yourself down?

Why don't you listen? You can trust me  
A little place, I know the way to  
A place there is need to  
To feel you, to feel that you're alone  
Oh, hear me, I know exactly what you're feelin'  
'Cause all your troubles are within you  
So begin to, to see that I'm just bleeding too  
Oh, love me, love you, love is the way to  
Help me, help you, why must we be so cruel, oh so  
cruel?  
Oh, we're such damn fools
