Hide in your shell cos the world is out to bleed you for a
ride

What will you gain making your life a little longer?

Heaven or Hell, was the journey cold that gave your
eyes of steel?

Shelter behind painting your mind and playing joker

Too Frightening to listen to a stranger

Too Beautiful to put your pride in danger

You're waiting for someone to understand you

But you've got demons in your closet

And you're screaming out to stop it

Saying life's begun to cheat you

Friends are out to beat you

Grab on to what you scramble for

Don't let the tears linger on inside now

Cos it's sure time you gained control

If I can help you, if I can help you

If I can help you, just let me know

Well, let me show you the nearest signpost

To get your heartback and on the road

If I can help you, if I can help you

If I can help you, just let me know.

All through the night as you lie awake and hold
yourself so tight

What do you need, a second-hand-movie-star to tend
you?

I as a boy, I believed the saying the cure for pain was
love

How would it be if you could see the world through my
eyes?

Too Frightening- the fire's getting colder

Too Beautiful- to think you're getting older

You're looking for someone to give an answer.

But what you see is just an illusion

You're surrounded by confusion

Saying life's begun to cheat you

Friends are out to beat you

Grab on to what you can scramble for
Don't let teh tears...
... just let me know
I wanna know...
I wanna know you...
Well let me know you
I wanna feel you
I wanna touch you
Please let me near you
Can you hear what I'm saying?
Well I'm hoping, I'm dreamin', I'm prayin'
I know what you're thinkin'
See what you're seein'
Never ever let yourself go

Hold yourself down, hold yourself down
Why d'ya hold yourself down?
Why don't you listen, you can
Trust me,
There's a place I know the way to
A place there is need to feel you
Feel that you're alone
Hear me
I know exactly what you're feelin'
cos all your troubles are within you
please begin to see that I'm just bleeding to
Love me, love you
Loving is the way to
Help me, help you
- Why must we be so cool, oh so cool,?
Oh, we're such damn fools...
