I'm beggin' you  
Let's start a new  
All my fears were wrong  
I was too headstrong  
Now I'm missing you

It's been too long  
An' still you're gone  
If you ever cared  
About the life we shared  
Please let me know

I think about you lately  
More than you will ever know  
If you could just forgive me  
Well you know, I'd love you so

We had a love  
To be proud of  
An' but what was once a thrill  
An' Then became a chill  
An' so very cold

I'm beggin' you  
Let's start a new  
An' give it one more chance  
An' it's the final dance  
Before you go away  
An' I've got something more to say

I think about you lately  
More than I could ever say  
An' if you could just forgive me  
Well, you know we'll find away  
Know, we'll find away

How do you care for me now, baby?  
You know, I never meant no harm  
Can't you see it's just a false alarm?  
You know, I'll love you all the way  
That's why I'm beggin' you to stay

How can I make you change your mind?  
I wanna make it right this time  
You know, I'll love you all the way  
That's why I'm beggin' you to stay  
You've got to listen to my plea  
I'm down here, on my bended knees  
Baby, won't you please come home?  
I can't stand to be so all alone
