This situation's clear  
It's fine as long as you are here  
Of that I'm really sure  
I will live to love you more

The say you drag me down  
They try to tell me you're around  
Just to even up a score  
But I will live to love you more

And they say I've been blind  
That you deceive me every time  
And soon our love will end  
But I will live to love you again

So what if they can't see  
You know I'll love endlessly  
And this they can't ignore  
I will live to love you more  
I will live to love you more

I know they're only rumors  
Although they say the truth hurts  
I don't need to hear lies  
And to fantasize you leaving me

But then I think it all over  
And over and over  
I still want you around me  
You know you astound me  
I couldn't live without you

If there's a price to pay  
It's worth it just to hear you say  
All their lies are just a bore  
I will live to love you more

This situation's clear  
It's fine as long as you are here  
And then I'm really sure  
And I will live to love you more  
Yes, I will live to love you more

Ohh, I will live to love you  
And put no one above you  
And I will live to, yeah, love you more  
More and more

You know where my heart is  
With you alone my every thought is  
I will live to love you more, love you more  
I will live to love you more

Love, love you for evermore  
I'm gonna love, love you for evermore  
I'm gonna love, love you for evermore  
I'm gonna love, love you for evermore

I'm gonna love, love you for evermore  
I'm gonna love, love you for evermore  
I'm gonna love, love you for evermore  
I'm gonna love, love you for evermore
