

Supertramp "Not The Moment"

I can't believe what you're saying about me
I can't believe it's true
You know you never should doubt me and take this
attitude
You say, "There's somethin' between us"
That something just ain't right
But every time I ask you to tell me why
You say, "It's not the moment"
You say, "It's not the moment"

You say you're tired of walking on eggshells and falling
in between
That I'm too timing you but you know quite well that's
just not my scene
An' now my friends are starting to call me
They say, "There's somethin' wrong"
Ah, but you just continue to stall me
You say, "It's not the moment"
You say, "It's not the moment"

Ya, we need to talk this through
I do depend on you
So let it out and try to clear the air
I've got nothing I should hide
I'm burning up inside
But you just act like you don't even care

Oh, well I know sometimes it ain't easy
I know you're feeling bad
But you know it's the wrong time to tease me
It just gets me mad
I'm goin' to find out sooner or later
Just what you're tryin' to say
So, when I ask you now for just one more time
Don't say, "It's not the moment"
Don't say, "It's not the moment"

Ya, we need to talk this through
I do depend on you
So let it out and try to clear the air
I've got nothing I should hide
I'm burning up inside

But you just act like you don't even care

I told you I would be your friend

Be there to the very end

And then you had to let me down

And go spreading dirty words around
