The sound of silence in the streets  
Echo off the cars, the way everyone's asleep  
Seems to be the start of dreams  
Wandering this town will never get you far  
The time has come  
The time to run  
Do you remember? Do you remember  
That the freeway takes you anyplace?  
Just like this life can, just like this life can  
Take you anyplace but I can't take you  
Have you lost the motion in your heart  
'Cause it's been so long? Since you walked out of the  
door  
And learned to just move on from dreams  
That never came around to being second best  
Your time has come  
It's time you run  
Do you remember? Do you remember  
That the freeway takes you anyplace?  
Just like this life can, just like this life can  
Take you anyplace but I can't take

Goodnight feeling

When summers leaving

It's a goodnight feeling

When summers leaving

It's a goodnight feeling

When summers leaving

Do you remember? Do you remember

That the freeway takes you anyplace?

Just like this life can, just like this life can

Take you anyplace but I can't take you
