It's a shame you got to put on makeup today
I think you look so fine
You look best when you rise
It's too bad that you had to leave
Pay attention when you're driving down the street
I told you so many times

(CHORUS)

Where did you go
You were here yesterday
Why did you leave
Why did you leave
And now I'm stuck here thinking about your face
Why am I so weak
Why am I so weak

Just a quick: my love got into a wreck
It didn't hurt you but it got my chest
How could I be so blind
Since that day, all I get is an excuse
I'm sorry I can't see you fuckin' ra-ra-ra
I heard 'em all so many times

(CHORUS)

Where did you go
You were here yesterday
Why did you leave
Why did you leave
And now I'm stuck here thinking about your face
Why am I so weak
Why am I so weak
When you were here, we did nothing but fight
But now that you're gone, my life's without light
I really want to work this out
But 20 excuses come out of your mouth
When I thought I'd never be alone again
You turn around and said we should be friends
I really want to work this out
But 20 excuses come out of your mouth

And it's so hard to stop
Calling you around the clock

Just so I can see
I'm always here when you're free
And now it's plain to see
You're getting bored with me

(CHORUS)

Why do you look so fine
