Mary Jane

Mary Jane

Mary Jane and Jagermeister...(now you livin)

Nothing in this world make me feel nicer

But it's not your arms that are keeping me warm

Never go to sleep, never go home

It's 3 o'clock in the morning

I'm driving down the street

So I can nestle next to you

And try to get some sleep.

But when I arrived you weren't there.

I started to get angry,

But then it finally hit me.

You nor my life were no longer here.

Cool breezes, bud, and licorice

Will replace the feeling of your presence.

I'll be back in a couple days,

But after that my life will be changed.

Set it 'em all up to get knocked down.

Lockdown calls like a beckoning swansong.

But it won't be very long until their all gone.

One by one we drink them down until we're lying on the ground.

So what about the bills you pay?!

Save up all your money just to drink it away.

Because if I had my say, I'd stay drinking jager on Magen's Bay.

Royal bwoy, who you rollin wit?

Matthew Smith. No sniff, just spliff

As if you had a clue of how much weed we fuckin' do,

We'd roll you up and smoke you like a Big Bambu.

Free all dem people in the prisons only guilty of possession

Take that surplus of money and dump it into education

So a smarter generation coming up can figure out

The problems that plague are society now.

[CHORUS]

These cannabis laws are hanging from venomous

claws.
