"Bullet"

Every word you've ever spoken was a fucking lie
Every promise ever made you've broken
Tried to kill you but that part of me could never die
Pull the trigger, I surrender all control

I need you in my life again
Like a needle in my vein
I need you in my life again
Like a bullet in my brain
A bullet in my brain

I swear it's over and I finally left it all behind
See your picture and the sky starts bleeding
Suffocating, god I swear I'm gunna lose my mind
Pull the trigger, I surrender all control

I need you in my life again
Like a needle in my vein
I need you in my life again
Like a bullet in my brain
A bullet in my brain

I don't need your forgiveness
I don't need you to change
I don't need you to save me
I just need you to go away
(Fucking go away)

Every word you've ever spoken was a fucking lie
Every promise ever made you've broken
Tried to kill you but that part of me could never die
Pull the trigger, I surrender all control

I need you in my life again
Like a needle in my vein
I need you in my life again
Like a bullet in my brain
I need you in my life again
And it's driving me insane
I need you in my life again
Like a bullet in my brain

A bullet in my brain

(BULLET)

Every word you've ever spoken was a fucking lie
