You think you'll crawl in back where you don't belong
It's too late, you can't come back home
It's all or nothing, there's nowhere in between
Stand up, get off your knees

You're dead to me
I can finally see
Through you're emptiness and lies
You're dead to me
I can finally say
I don't need you in my life
You tortured me
But now I'm free
You won't break me down this time
You're dead to me
I can finally say
I don't need you

You crave the one thing you know you'll never have
Refuse to be denied
You mark the last time, everything you've left behind
Too late, you can't turn back time

You're dead to me
I can finally see
Through you're emptiness and lies
You're dead to me
I can finally say
I don't need you in my life
You've tortured me
But now I'm free
You won't break me down this time
You're dead to me
I can finally say
I don't need you

You are dead to me
You are dead to me
Nothing to me anymore
You are dead to me

Dead to me
I can finally see
Through you're emptiness and lies
You're dead to me
I can finally say
I don't need you in my life
You tortured me
But now I'm free
You won't break me down this time
You're dead to me
I can finally say
I don't need you
You're dead to me
I can finally say
I don't need you
I don't need you

You are dead to me
