Visions fill my head when I'm alone  
Of tangled limbs and sweaty flesh 'n' bone  
Knowing that you're with him  
Makes me wanna scream  
How long can I wait for you?

This jealousy is eating me alive  
This jealousy is eating me alive  
Feeding off your secrets  
And then spitting out your lies  
Jealousy is eating me  
Slowly fucking eating me alive

I can feel you pushing me away  
Your kisses growing colder everyday  
Even when you're with me  
It feels like I'm alone  
How much more can I take from you?

This jealousy is eating me alive  
This jealousy is eating me alive  
Feeding off your secrets  
And then spitting out your lies  
Jealousy is eating me  
Slowly fucking eating me alive

How long?  
How long?  
How long will it take?  
How long?  
How long?  
How long 'till I break?

This jealousy is eating me alive  
This jealousy is eating me alive  
Feeding off your secrets  
And then spitting out your lies  
Jealousy is eating me  
Slowly fucking eating me alive
