I've waited my whole life to find you  
I've dreamed like the desert dreams of rain  
When the heavens opened up  
And you descended  
the raindrops through my fingers  
slipped away

Now I'm so afraid that you'll fly away  
And no cage on earth could ever make you stay  
Now I'm so afraid that you'll fly away  
I was afraid you'd fly away  
When the cage is open  
We'll fly away

So I tried to be everything that you wanted  
But failed to be anything at all  
I knew there'd come a day when you'd discover  
I'm just an ordinary human after all

And I'm so afraid that you'll fly away  
And no cage on earth could ever make you stay  
Now I'm so afraid that you'll fly away  
I was afraid you'd fly away  
When the cage is open  
We'll fly away

These wings are broken  
These wings won't fly  
I'm trapped here on the ground  
While you reach for the sky

But I'm so afraid that you'll fly away  
And no cage on earth could ever make you stay  
But I'm so afraid to let it fly away  
When the cage is open  
We'll fly away

When the chains are broken  
And the cage is open  
Will my heart be broken?  
We'll fly away
