

## Dreaming, The "Whole"

My whole world stopped spinning without you  
The heavens lay dead in the sky  
And I cried to the angels to bring you home to me  
But that is not destined to be in this life

Now I'm lost  
And alone  
Only you can make me whole  
I am broken  
And alone  
You've left this gaping hole  
In my soul

I remember nights lasting forever  
I still taste our last kiss goodbye  
In that moment my universe crumbled down on me  
Now I no longer believe in this life...

Now I'm lost  
All alone  
Only you can make me whole  
I am broken  
And alone  
You've left this gaping hole  
In my soul

I reach out  
to touch you  
through miles and through days  
I reach out  
to touch you  
through miles and through days  
But still the emptiness won't fade...

Now I'm lost  
All alone  
Only you can make me whole  
I am broken  
And alone  
You've left this gaping hole  
Now I'm lost

All alone  
Only you can make me whole  
I am broken  
And alone  
You've left this gaping hole  
In my soul  
In my soul  
In my soul
