Crimson was the color of the sky that day
A sudden flash trying to shakes me
Was someone singing in a dream?
I could not understand the voices

There?s no one out there
Am I the last girl on earth?
Don?t you want me
If I?m the last girl on earth?
There?s nothin' out there
And I?m the last girl on earth

Culture that is left behind cannot replace
The warmth that once was your embrace
And as far as I can see
No starfish seas, no love, no love for me

There?s no one out there
Am I the last girl on earth?
Don?t you want me
If I?m the last girl on earth?
There?s nothin' out there
And I?m the last girl on earth

Out in the valley of wandering sleep
The images flood, I cannot keep
It?s pickin' me up blind energy
I?m floating on sensations wings

Fluttering kisses I go by
It catches me and soothes my worried mind

There?s no one out there
Am I the last girl on earth?
Don?t you want me
If I?m the last girl on earth?
There?s nothin' out there
And I?m the last girl on earth

There?s no one out there
Am I the last girl on earth?
Don?t you want me

If I'm the last girl on earth?
There's nothin' out there
And I'm the last girl on earth

There's no one out there
Am I the last girl on earth?
