So you don't want to hear about my good song?  
And you don't want to hear about how i am getting on  
With all the things that i can get done  
The sun is in the sky & i am by my lonesome  
So you don't want to hear about my good day?  
You have better things to do than hear me say:

God it's been a lovely day  
Everything is going my way  
I took out the trash today  
And i'm on fire

So you don't want to hear about my good friends?  
You don't have the guts  
to take the truth or consequence  
Success is in the eye of the beholder  
And it's looking even better over your cold shoulder

I'm not suggesting you up and  
Line me up for questioning  
But jesus think about the bridges you are burning  
And i'm betting  
That even though you knew it from the start  
You'd rather be a bitch  
Than be an ordinary broken heart

So go ahead and talk about your bad day  
I want all the details of the pain and misery  
That you are inflicting on the others  
I consider them my sisters & i want their numbers

God it's been a lovely day  
Everything's been going my way  
I took up croquet today  
And i'm on fire

I picked up the pieces of my broken ego  
I have finally made my peace  
as far as you and me go  
But I'd love to have you up to see the place  
I'd like to do more than survive:

I'd like to rub it in your face

Hey it's been a lovely day  
Everything is going my way  
I had so much fun today  
And i'm on fire

God it's been a lovely day  
Everything's been going my way  
Ever since you went away  
Hey, i'm on fire  
So you dont want to hear about my good day?
