"Morning Of My Life"

In the morning when the moon is out to trust
You will see me. At the time I love the best
Watching rainbows play on sunlight
Pools of water
icestream cold nights.
In the morning - 'tis the morning of my life.

In the daytime I will meet you as before
You will find me waiting by the ocean floor
Building castles
in the shifting sands.
In a world that noone understands.
In the morning - 'tis the morning of my life.

In the morning of my life
The minutes take so long to drift away.
Please be patient with your life
It's only morning and you've still to live your day.

In the evening I will climb to the moon
To the topright hand corner of the ceiling of my room
Where we'll stay until the sun shines
Another day to swing on clothes lines
May be yawning - 'tis the morning of my life.
'tis the morning of my life.
In the morning
in the morning
in the morning.
